

ENGINEERING ACHIEVEMENT AWARDS PROFESSIONAL REQUIREMENTS AND NOMINATION FORM

2020

NAB is currently accepting nominations for the **2020 NAB Engineering Achievement Awards.** Each year since 1959, NAB has presented the Engineering Achievement Award to individuals for their outstanding accomplishments in the broadcast industry. In 1991, the Association began giving two awards each year—one for achievements in radio and the other for television. Awardees will be recognized at the 2020 NAB Show in Las Vegas, Nevada.

Candidates for the Radio and Television Engineering Achievement Awards must be or have been an owner, officer or employee of any company, subsidiary or division whose primary business is broadcasting, or is directly in support of broadcasting, including employees of the Federal government directly engaged in broadcast engineering work. The size of the organization with which each candidate is affiliated is not a determining factor. The merits of the contributions to broadcast engineering are the sole factors to be considered.

The candidates for the two Engineering Achievement Awards shall be recognized either on the basis of a single significant contribution, or for contributions made over a period of time that have significantly advanced the state of the art of broadcast engineering. Candidates for the Awards shall have made contributions in the following categories:

- Inventions
- Development of new techniques
- Dissemination of technical knowledge and literature
- Leadership in broadcast engineering affairs
- An outstanding contribution which, in the opinion of the NAB Executive Committee, warrants consideration

The period of time encompassed by the engineering contributions of the candidates for the Awards should be relatively recent and need not cover the nominee's entire career. The award winners will be selected by the NAB Technology Department and Executive Committee.

The purpose of this form is to collect information about each candidate for the 2020 NAB Engineering Achievement Awards. Please complete this form with timely and relevant information. Attach additional exhibits if desired.

Please send nominations to TechAwards@nab.org by January 13, 2020.
