

## 2020 TECHNOLOGY INNOVATION AWARD

### ELIGIBILITY REQUIREMENTS AND NOMINATION FORM

---

NAB is currently accepting nominations for the **2020 NAB Technology Innovation Award**. First presented at the 2009 NAB Show, NAB presents the award to organizations that bring advanced technology exhibits and demonstrations of significant merit to the NAB Show. The nominated exhibit should present advanced research and development projects in media and communications technologies that have not yet been commercialized.

Candidates for the Technology Innovation Award must be presented by organizations that are exhibiting at the 2020 NAB Show. The size of the organization is not a determining factor. Nominated projects may not be commercial products that have been offered for sale prior to or at the 2020 NAB Show but must be exhibited or presented in some form at the Show. The merit of the technology and its exhibition are the sole factors to be considered in selection of the award winner. **The entry deadline is January 13, 2020.** The award will be presented at the 2020 NAB Show in Las Vegas.

The purpose of this form is to collect information about the nominated technology and its presentation at the 2020 NAB Show, and why it should be considered for the NAB Technology Innovation Award. (If multiple organizations are involved in the project, please list them all, but indicate a single point of contact for the nominated technology.)

Please complete this form with timely and relevant details. Additional exhibits may be attached.

2020 NAB TECHNOLOGY INNOVATION AWARD NOMINATION FORM

**By checking this box, I confirm that, to the best of my knowledge, commercial products using this technology will not be available at the 2020 NAB Show.**
