Dear Ms. Dortch:

The radio broadcasters listed below write to request that the Federal Communications Commission disregard the comments previously filed on our behalf in the above-referenced proceeding because they do not accurately reflect our views. Contrary to what the comments indicate, the undersigned do not support the GeoBroadcast Solution's (GBS) Petition<sup>1</sup> or believe that it would benefit our stations or the public. Thus, to correct the record we ask the Commission to remove those comments previously filed under our name in support of the petition at issue.

Thank you for your attention to this matter.

Sincerely,

/s/Scott Poesé  
Owner and General Manager
